

Explore the New Exhibit at the
Cradle of Forestry Discovery Center:

Wildland Fire in Southern Appalachians

United States Department of Agriculture

Learn about the **history of fire** in shaping the Southern Appalachians, the importance of using controlled burns to restore and maintain landscapes that periodically experienced wildland fires, tips for preventing wildfires, and the relationships between climate change and wildland fire. In addition to the new wildland fire exhibit, there are other exciting updates that you'll want to explore at the Cradle.

The exhibit is located at the CRADLE OF FORESTRY HISTORIC SITE,
11250 Pisgah Hwy, Pisgah Forest, NC 28768.

Can't make it to the Cradle of Forestry to see the exhibit?
