

**TRENDS IN PULPWOOD PRICES IN THE SOUTHEAST, 1962-1969**

ABSTRACT.--Average prices paid for pulpwood bolts in the Southeast increased 5 percent in 1969 over the preceding year. Prices paid for roundwood averaged \$20.90 per cord for pine and \$16.35 for hardwood. Prices paid for chips averaged \$8.45 per ton for pine and \$6.75 for hardwood. Since 1962, average prices paid for pulpwood have increased by over 25 percent. Pulpmills paid over \$410 million for pulpwood produced in the Southeast during 1969.

---

Average prices paid for pulpwood bolts increased approximately 5 percent during 1969; this compares with an average annual increase of about 4 percent since 1962. The price of pine bolts increased from \$16.55 per cord in 1962 to \$20.90 in 1969, and hardwood increased from \$13.40 to \$16.35. After a very slight increase during 1968, hardwood prices increased 4.8 percent during 1969. Pulpwood trucked directly to mill averaged 6 to 9 percent more during the reporting period (table 1).

Average prices for green chips continued to increase during 1969--pine chips increased from \$6.55 in 1962 to \$8.45 in 1969, and hardwood chips increased from \$5.10 to \$6.75. This is an average annual increase of about 5 percent (table 2). Chips comprised 17 percent of the total pulpwood receipts during 1969.

During the 8-year reporting period, approximately one-third of pine and hardwood bolts were trucked directly to the mill; the remaining two-thirds were received at outlying woodyards and rail sidings (table 3).

The 1969 price estimates are based on reports covering 68 percent of all rough pulpwood purchased in Florida, Georgia, North Carolina, South Carolina, and Virginia. Based on these average prices and volume receipts, southeastern pulpmills paid over \$410 million in 1969. This is an increase of some \$49 million since 1968.

Table 1.--Average prices for rough pulpwood in the Southeast, 1962-1969<sup>1/</sup>  
(Dollars per standard cord, including bark)

Year	Pine			Hardwood		
	Rail & yard wood <sup>2/</sup>	Truck wood <sup>3/</sup>	All wood <sup>4/</sup>	Rail & yard wood <sup>2/</sup>	Truck wood <sup>3/</sup>	All wood <sup>4/</sup>
1962	16.20	17.35	16.55	12.90	13.85	13.40
1963	16.20	17.40	16.55	12.90	14.05	13.45
