</table>
The purpose of this bibliography is to list important publications relating directly to southern ranges, the domestic livestock and wildlife produced thereon, and the management of these lands, livestock, and wildlife. Range is defined as natural grassland, savannah, or forest that supports native grasses, forbs, or shrubs suitable as forage for livestock and game. Land under cultivation or in improved pasture is excluded.

The southern region is considered to include all of the States from Virginia to Arkansas and Louisiana, the southern portions of Kentucky and Missouri, and the eastern portions of Texas and Oklahoma. The compilers have attempted to list the publications most helpful to range workers and students. Reports on outstanding work in other regions are included if applicable to the southern range. Abstracts, brief general notes, indefinite preliminary reports, and obsolete bulletins generally are excluded. The lists extend through 1961 but include certain important publications through August 1962.

Each publication is listed only once, but cross-references are suggested at the end of some sections. Publications covering more than one subject are under the topic of primary importance to range management. The classification system and the section definitions are based on those in A Selected Bibliography on Management of Western Ranges, Livestock, and Wildlife, Miscellaneous Publication 281 of the U.S. Department of Agriculture, 1938.

Sources consulted include books, periodicals, publications of the U.S. Government and State agricultural experiment stations, and other State and regional releases. The periodicals listed below were scanned in their entirety, except for a few old volumes not in libraries accessible to the committee:

- Advances in Agronomy
- Agronomy Journal
- American Forests
- American Journal of Botany
- American Midland Naturalist
- Botanical Gazette
- Botanical Review
- Contributions of the Boyce Thompson Institute
- Ecology
- Ecological Monographs
- Forest Farmer
- Forests and People
- Forest Science
- Gulf Coast Cattleman
- Journal of Animal Science
- Journal of Dairy Science
- Journal of Forestry
- Journal of Range Management
- Journal of Soil and Water Conservation
- Journal of Wildlife Management
- Plant Physiology
- Proceedings, Association of Southern Agricultural Workers
- Proceedings, North American Wildlife Conference
- Proceedings, Society of American Foresters
- Proceedings, Southeastern Association of Game and Fish Commissioners
- Proceedings, Southern Weed Conference
- Progressive Farmer
- Soil Conservation
- Soil Science
- Soil Science Society of America Proceedings
- Southern Lumberman

1 Southern Forest Experiment Station, Forest Service, U.S. Department of Agriculture, New Orleans, La., and Nacogdoches, Tex.

The following members and friends of the American Society of Range Management helped search the literature for pertinent references:

R.E. Blaser, Virginia Agricultural Experiment Station, Blacksburg, Va.

C.E. Bunch, Oklahoma Agricultural Extension Service, Stillwater, Okla.

J.T. Cassady, Southeastern Forest Experiment Station, Asheville, N.C.

E.E. Dale, Jr., University of Arkansas, Fayetteville, Ark.

A.M. Davis, Arkansas Agricultural Experiment Station, Fayetteville, Ark.

V.L. Duvall, Southern Forest Experiment Station, Alexandria, La.

J.H. Ehrenreich, Central States Forest Experiment Station, Columbia, Mo.

H.E. Grelen, Southern Forest Experiment Station, Alexandria, La.

C.S. Hobbs, Tennessee Agricultural Experiment Station, Knoxville, Tenn.

E.M. Hodges, Florida Agricultural Experiment Station, Ona, Fla.

C.S. Hoveland, Alabama Agricultural Experiment Station, Auburn, Ala.

Hughes, Southeastern Forest Experiment Station, Tifton, Ga.

H.L. Lucas, North Carolina State College, Raleigh, N.C.

M.E. McCullough, Georgia Experiment Station, Experiment, Ga.

H.A. Miller, U.S. Forest Service, Atlanta, Ga.

F.A. Peevy, Southern Forest Experiment Station, Alexandria, La.

T.H. Ripley, Southeastern Forest Experiment Station, Asheville, N.C.

T.E. Silker, Oklahoma State University, Stillwater, Okla.

A.C. Warnick, Florida Agricultural Experiment Station, Gainesville, Fla.

L.A. Wilkins, U.S. Soil Conservation Service, Tupelo, Miss.

R.E. Williams, U.S. Soil Conservation Service, Washington, D.C.
