* Medians are computed from grouped data. Years are rounded to the nearest half year and dollars to the nearest $100.

\# Total includes persons with participation restricted by lack of facilities or ability and by other reasons. Persons participating freely engage in preferred activities as often as desired. Time-money restricted are persons not participating as often as desired due to lack of time, money, equipment or transportation.

\+ Omitted because of insufficient sample size.

** Persons with preference for baseball unspecified active or passive are excluded.
